

Parents and Guardians of incoming Kindergartners in the 2020/21 school year:

Since we will not be able to have our yearly “Kindergarten Round-Up” until a much later date we wanted to let you know that you can still do the online registration process at this time. A couple of things to keep in mind in doing this:

- If you already have students in the District, please login to your family access and hit the “New Student Registration” button in the top left corner of the home page. You will only see that button if you are the #1 guardian for your family. If you do not see the button please contact the secretary of the school that your current enrolled child attends.

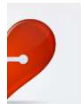

- If you are new to the District you can enroll your Kindergarten student from our homepage. On our home page under “Quick Links” choose the “New Student Registration” button. The system will walk you through the process. You will first create your login information, the system will send you your password and you will then login to the system.
